

We are interested in the Home-Based services and waiver that our son received about 2 years ago. Jon is 38 with autism and uses the waiver to attend various activities at The arc of Iroquois County. This enables him to go there to play games, attend sporting events, etc a few hours everyday of the week. I can not begin to put into words the positive impact it has had on this life. It would be devastating to lose the Home-Based Waiver.

Thank you for your consideration
